forget..Spring ahead...1 hour*

What's Cookin' at MTI

March 3, 2008

I really can't believe it's March already.....the year is quickly coming to a close. We still have a lot more to do before it does though. StateSkills competition, fund raisers,our annual field trip,going to Kansas City for National Skills and believe it or not, GRADUATION.

Some of the Culinary students like Allison and Anna Know they have a "sweet thing going"! They are preparing plates from sugar that will later be drawn on with cocoa powder.

Nathan is tempering chocolate andDiana zests lemons and limes

Mr. "C" took a minute from his lunch break to remind us of something.
Mr. "C" says, " The culinary education at MTI is nourishing, both to the body and to the mind!"

Last weeks question was.. What is green and goes to Summer camp?
answer.....A Brussels' scout!

This weeks question is.....What do you get when you put three ducks in a box?

Have a good weekend it's supposed to be a bit cooler so enjoy the weather too!

As for me, I'm going to turn the lights off in the big kitchen and get out of here. As for you,.....go home and.....Cook Sumthin! Your family will be proud.

Chef Bert
